RRP AUS \$1,149.00

Product Details

FEATURES

Fast wash programs

Wash options you really need

Delay end option to plan
when your wash finishes

Gentle drum

BENEFITS

A cooler clean

The tiniest fingers might leave the biggest imprint on your heart but they won't on your clothes thanks to our PreMix+ technology. For a better wash at cooler temperatures, PreMix+ blends detergent with water and pressure sprays it onto the load to reduce detergent residue.

Call time on waiting

Let our handy time remaining display count down to the program finish, so you know when your wash will be done. If only bedtime was that easy.

Softly does it

Honey, you won't shrink the kids or any of your other favourite items with our gentle wash action a handwash equivalent for your delicates at the press of a button.

Ease your load

You won't need a background in IT to operate our easy use, easy clean, inclusive control panels. Because technology is supposed to make your life easier.

Help in a hurry

Whether it's a fast 20 minute wash because your favourite top needs a freshen up, a 45 minute mid-week daily wash or a Fullload 60 program after a muddy weekend of sport, our Fast Wash Programs mean you can get on with your day without delay.

Save water, choose Westinghouse

Our auto water level sensor conserves precious H₂O, automatically choosing the ideal water level for each wash. If only it could perfectly pour your Friday night wine, too.

Forgiving on fingers

Our soft closing child-safe lid means little fingers won't get a nasty surprise. Plus, our washing machines feature a child safe lid lock for added peace of mind.

Fold on the go

Traditional whitegoods get an upgrade with our premium safety glass lid. Not only is it stylish and durable, it offers an extra laundry workspace thanks to the scratch resistant flat top.

Back to black

Our simple access easy clean lint filter means your leggings will stay black and not just become a grey fuzz magnet.

Better results with a new gentler drum

Designed to treat your clothes with the care they deserve, the gentle drum has thousands of holes to enhance the water flow rate so that detergent dissolves faster. This improves effectiveness and ensures a deeper clean.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Capacity (Kg)	8
