## 8kg AI-Enabled Heatpump Dryer (DV80T5420AW/SA)

Topline key features / benefits

1. Personalised AI settings
2. 9-star energy rating
3. Intelligent AI Dry cycle
4. Quick Dry cycle
5. Wrinkle Prevent cycle
6. Advanced 2-in-1 Filter
7. Reversible door
8. Built-in water tank

Key features & message hierarchy

Make drying your clothes smarter and more personalised
Laundry day can be less of a chore using your AI-Pattern for the most preferred and frequently used settings. It helps save time with personalised display via machine learning that reflects changes in your lifestyle, usage pattern and seasonalities.

9-star energy efficient drying
Heatpump technology offers an efficient, cost-effective and gentle way to dry clothes with A+++ energy rating.

Intelligent drying
The AI Dry System is an intelligent drying system which uses moisture sensors to monitor humidity levels and adjust drying time for the best result, while helping to protect clothes from damage.

35 mins Quick Dry[2] cycle
No time to waste? Get your clothes dry and ready to wear quickly with the 35 mins Quick Dry[2] cycle for small loads.

Personalisations using A.I & SmartThings

Personalised dry cycles

A dryer that knows you! With AI-Pattern, your preferred drying cycles will be learnt, remembered and displayed according to frequency of use via Machine learning which kicks in after the first 10 uses[3]

Personalised display panel

AI Control Panel is designed to display your most frequently used drying cycles at the top, making it easy for anyone to operate the dryer. It can also curate your cycle options via My Cycle on the machine and via SmartThings[4].

AI-Cycle Link[5]

Perfectly matched with Samsung's AI-enabled washing machines, both the washing machine and dryer will work hand in hand using wi-fi to give you optimised results. It enables both machines to communicate with each other so you don't have to set additional instructions after the wash is complete.

Real-time optimisations with SmartThings[4]

Plan your day to suit you and not your dryer. With intelligent location based recommendations[6], you can start, stop and set the optimum wash cycle with SmartThings app.

SmartThings - Your Personal Laundry Assistant[4]

Get the most from your washing machine. 'Laundry Recipe' acts as your personal laundry expert and recommends the optimal cycle while the 'Laundry Planner' curates your daily laundry schedule to help manage finish times. With the 'Home Care Wizard' help maintain your machine's optimal performance by remotely identifying problems and providing quick troubleshooting service.

Additional key features & benefits

Makes ironing easy

Dry clothes without the creases. Simply select Wrinkle Prevent cycle. Once the drying cycle ends, it turns the drum without heat so clothes cool down gradually while tumbling to reduce the creases formed while drying.
One-step cleaning

Advanced 2-in-1 Filter with a two-layered mesh filter collects lint in one location for easy 1-step cleaning.

Reversible door

Choose the direction the door swings open to suit any laundry layout or preference. Simply change which side the door is hinged from for maximum convenience, whether stacked or next to the washing machine.

Easy maintenance

A water tank indicator is a simple gauge on the front that shows how much condensed water has been extracted from your clothes. So you can quickly see if the water tank needs emptying before you start another load.

DISCLAIMERS:
3. Before 10 uses, the list will remain in its default sequence. Cycle suggestions continuously evolve according to usage patterns.
4. Available on Android and iOS devices. A Wi-Fi connection, a Samsung account and download of Samsung SmartThings app are required. Data charges may apply.
5. AI Cycle link will work when enabled on SmartThings with washer and dryer connected to Wi-Fi.
6. 'Going Out 'mode is only available via SmartThings and with these settings– Delay End Set, Smart Control On and when user exits geo fence set up.

SPECIFICATIONS

Model Code	DV80T5420AW
Material Code	DV80T5420AW/SA
EAN Code	8806090792878
RRP	$1499
Launch Date	Oct 2020

FORMAT

Type	Heat Pump
Washing Capacity (kg)	8 kg

DESIGN

Body Colour	White
Door Colour	Black
Panel Display	AI-Enabled

PERFORMANCE

Energy Rating	9 stars
Energy Consumption (annual)	115 kWH

PHYSICAL SPECIFICATION – excl. packaging & inc. door & hoses

Net Dimension (WxHxD) – incl. hoses	600 x 850 x 650 mm
Net Dimension (WxHxD)	600 x 850 x 600 mm
Net Weight	50 kg
Drum Material	Stainless Steel

FEATURE

Interior Drum Light	Yes
Smart Control	Yes
Child lock	Yes
Drum Type	Diamond
Dry Level	4 levels
Drying Rack	No
Drying Time Selector	Yes
Mixed Load Bell / Damp Alert	Yes
Wrinkle Prevent	Yes
